

It's Winter!

Public Works Reminders

We ask that you observe the following practices in keeping with common courtesy to our Public Works Crew.

- Please refrain from blowing snow into the public streets and do your part to keep sidewalks clear of snow for pedestrians' safety.
- Please place your garbage cans out on the street no earlier than 6:00 a.m. the morning of pick up and then promptly remove them from the road after your pick up is completed. This will help alleviate the Public Works Crew from having to go around your can(s) while snow plowing.
- Please observe the overnight parking ordinance in effect between November 15th and April 15th. Exception to this ordinance are allowed 2 days prior to and 2 days after the Thanksgiving and Christmas Holiday and the eve before New Year's Day. In order to provide necessary access for snow removal, owners of vehicles may not park their cars under any circumstances when the following conditions are taking place 1) snow is visibly falling or 2) there is a visible amount of snow on the street and 3) the street has not been plowed since the snow fell.

When we see green again, West Bountiful Residents can take their Green Waste to the Bountiful Landfill, but remember to use the new 500 South route to get to the landfill. **ONLY GREEN WASTE WILL BE ACCEPTED!**

Arts Council Offers Crocheting/Knitting Course

Have you ever wanted to learn to knit or crochet? Now is your chance!

The West Bountiful Arts Council is organizing an after school knitting and crocheting class. Ages 10 - adult are invited. It will be hands on with plenty of help. You will be making hats and scarves in no time. We would like this to be ongoing and lead up to a big service festival. Dates and times will be determined as we get an idea of the interest.

If you knit or crochet and would be willing to give an hour of your time each week as an instructor, it would be wonderful. Share your love of the craft with others! The more the merrier!

If interested in learning or instructing, please call Tiffany Allen - 298-8476.

Get Involved Moratorium Passed So West Side Can Be Properly Developed

In an effort to be pro-active, the City Council passed a 6-month moratorium on issuing building permits in the West Side of the city on the east side of the Legacy Corridor beginning from 5th South to 1200 North and to 1100 West.

The purpose of the moratorium is to enable the Planning Commission and City Council to review current ordinances and land use in that area so that we can correlate planning of that area with neighboring Woods Cross and make sure that the last bit of land left in West Bountiful on the west side of town is carefully planned and well-thought-out so as to develop the area according to what will best benefit the city and its citizens.

We encourage all citizens to attend Planning and Zoning Meetings in the months to come so that they can help with the planning of this area. Please contact James Bruhn if you would like to participate on a committee.

RAP Tax passes

Thanks for your support in this matter. It makes a difference when we understand what a small amount can do when shared among many people. We look forward to using this money wisely as we plan parks and trails in our city. Our big renovation for our City Park can move forward without delay because budget cuts in the City General Funds will not interfere with these special funds set aside for the specific purpose of Recreation, Arts, and Parks. Better still, citizens from other communities will be contributing to this tax and West Bountiful citizen's will be the beneficiaries of hundreds of thousands of dollars over the next eight year period.

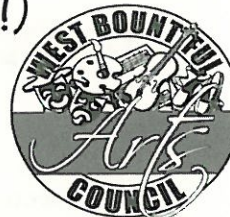

Of course, we hope that when you can, you will continue to support our local businesses and keep your tax dollars working hard in West Bountiful.

Music will feature Sherry Hutchings in her Patsy Cline favorites, and a toe tappin' Western band called the "Ole Fenders" led by Brad Auernig's Dad, Kurt.

See ya'all at City Hall.
